

Travel restrictions for Coronavirus COVID-19

The situation surrounding the COVID-19 outbreak continues to evolve daily and all of us have to take actions to contain the spread of the virus.

To limit the risk of further spread and to help contain the virus:

1. Do not travel to (List A. Forbidden)

- **China**
- **Italy**
- **Iran**
- **South Korea**

2. Avoid non-essential travels to countries with confirmed cases (List B.)

- **Hong Kong**
- **Japan**
- **USA**
- **Canada**
- **France**
- **Germany**

In case that your travel is strictly necessary to one of the countries in List B, you have to contact your local medical service for receiving health advices.

- 3. If during your travel or during 14 days later you suffer fever, cough, sneeze, fatigue, headache or difficult for breathing you must stay at home and telephone your medical service to receive instructions about medical treatment / diagnosis and they will tell you when you'll be ready to return to work.**
